

Delaware County Fair – Animal Pen Use Agreement

Participant Name: _____

Participant Project(s) Name(s): _____

By signing below, I agree to all of the following:

1. Delaware County Agricultural Society (“DCAS” for short) owns animal pens (bird cages, rabbit cages, horse stalls, pig pens, goat pens, sheep pens, cattle stalls, etc.), but I have no right to use them unless I sign this agreement below and if I am not an adult, an adult also signs for me.
2. Before I put my animal into any pen, I will inspect it to make sure that it is completely clean, secure, and safe for me and my animal.
3. I promise not to put my animal into any barn or pen that is not clean enough, secure enough, or safe enough for me and my animals.
4. If the pen or pens assigned to me are not clean, I will clean them before putting my animals in them.
5. If the pen or pens assigned to me are not secure or safe enough for me or my animals, I will not put my animals in them. Instead, I will tell the barn superintendent, department head or a committee member and ask them for help. And, I will keep my animals somewhere else until either my assigned pens are made secure and safe or until I am assigned a new pen that is clean, secure enough, and safe enough for my animals.
6. I agree that the maximum value of my animal is what a willing buyer would pay at an open market (not a county fair auction) for the purchase of my animal.
7. I understand that sometimes animals get hurt or die in their pens and that this is an unfortunate fact of agricultural life. If that happens to my animal, I will not ask DCAS for money and I promise not to file a lawsuit against DCAS.
