Project Book Tips:

1. Write in pencil
2. Get a large manila envelope and keep with your project book. Add documentation to this folder regularly so it can be assembled into the book prior to judging:
 - a. Feed receipts
 - b. Supply receipts
 - c. Vet paperwork
 - d. Feed tags
3. Alternatively, some people put their books into three ring binders and keep their documentation in the binder
4. Work on the book REGULARLY throughout the project. Do not wait until the last minute.
