If a page does not apply to your projects or you have to records to report, please write N/A or NONE on that page.

Project Book Tips:
1. Write in pencil
2. Get a large manila envelope and keep with your project book. Add documentation to this folder regularly so it can assembled into the book prior to judging:
   a. Feed receipts
   b. Supply receipts
   c. Vet paperwork
   d. Feed tags
3. Alternatively, some people put their books into three ring binders and keep their documentation in the binder
4. NPIP/Pullorum papers for your birds can be stapled to the inside cover of the book. These papers are REQUIRED for all non-waterfowl to enter the barn, and this ensures you always know exactly where these papers are.
5. Work on the book REGULARLY throughout the project. Do not wait until the last minute.
